How to sort measurements from the Noise Guide in the file explore

Ver.03 06-03-2018 MLS

Follow these steps to sort your Noise Guide measurements for a better overview of both devices and measurements related to these devices.

1. Start out by doing exporting from the internal log of the Noise Guide via USB, then import them to the software. You can see how you import log files from the internal log in the Noise Guide manual

					- 🗆 🗙
